

To Whom it May Concern:

I am writing to urge the FCC to reject the NAB petition 04-160. Satellite radio provides an invaluable service to those of us who spend a lot of time on the roads and need quick access to traffic and weather reports. I am a loyal AM radio listener as well, but often need updates more often than the every 10 to 15 minutes or so.

As a paying subscriber, these reports are a major reason I have decided to purchase XM Radio and its subscription. I wish to continue to enjoy this privilege, and ask you to consider our point of view.

Respectfully,

Doyle Lim, MD
